

Brexit Contingency Plan

07/02/2019

Our company does not anticipate any great disruption to our day to day business as a result of Brexit. Whilst we do not yet know the outcome we do not foresee any real disruption.

Most of our materials are sourced from UK companies.

None of our suppliers have indicated difficulties in future supply.

All our staff and employees are British Citizens so a Hard Brexit will have no effect on our staffing levels.

Our contracts with clients will carry on as normal.

We will keep you updated if any circumstances change in the future.

Yours faithfully

Denis Watson
